A Protective Net and a Mesh Bag

Characteristic:

Quickly holds every kind of stuffs.
Easily fastens to the chair back.
A protective net and a mesh bag.

Model:

V-7102

Country of Origin:

Taiwan, ROC

Fasten it at the chair back:

Remove the pillow of the front chair. Attach two hooks on the mouth of the bag to the pillow bars. Install the pillow. Hook the bottom of the bag to the bottom of the chair and wherever applicable.

Parts needed: Hook 4pcs.

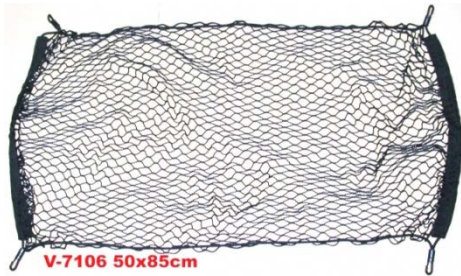

Warning:

When fastening the bag, put the mouth of the bag upward.
Do not load the bag more than 13 kg.

Always turn aside to fasten the net to avoid injuries to eyes in case the hook slips from the user's hand before it could be engaged and the elastic cord rebounds.

CRV Cargo Net

45x120cm
(18"x48")

Characteristic :

Protect the function of articles.

While opening the van of rear trunk door, if the trunk has put articles, it will make articles pushing and shoving to the door edge of rear trunk and break down the articles as soon as the door is opened.
