Bug Deflector

Fuctions:

- ✓ Bug deflector, only in smoke, extends and contours the full length of the hood, protects front end and hood from everyday road damage, protects hood from flying debris, protects hood from dents, chips, and scratches from flying stones, rocks and other debris.
- ✓ Bug deflectors are made from rugged approved aerospace-grade acrylic, virtually indestructible and extremely scratch resistant, installs in less than 10 minutes and requires no tools or drilling, no screws, stays in place n 3M brand automotive adhesive tape or clever fasteners that use existing holes.
- ✓ Material: high quality acrylic

cooperative development welcome.
