

Drinks Tray

Multipurpose food storage rack

Features:

While eating in the backseat, you may place food and drinks on the tray to prevent spilling and staining of the car floor mats.

The tray may be stowed away when not in use and thus will not take up additional space in the backseats.

You may also store large and small bottles, cell phones, MP3 players, gaming devices, breads, cookies, hamburgers, snacks, magazines, etc. on the tray.

The tray support may be adjusted according to the reclining angle of the car seats for maximum comfort.

Trash bags can be hung on the hooks located on the sides of the tray. This way, the trash can be easily
